

CT-1

"We take nothing for granted and their machining process offers the truest rear available. They have the least amount of ring and pinion wear. Bulldog is second to none."

- Jimmy Mars

WoO and Lucas Oil Dirt Late Model Competitor

"Quality is our top priority at BRP and the Bulldog Rear is the best quality rear on the market."

- Randy Williamson

Owner Bicknell Racing Products

"We choose Bulldog because of their bell design and unmatched trueness. They are perfect. Race after race, nothing compares to a Bulldog."

- Steve Baker

Owner Rocket Chassis

"They've addressed every problem I've ever had with a rear. It's a nice piece."

- Tader Masters

Owner Mastersbilt Chassis

"The best piece – period! I run them race after race and don't do a thing with them. On top of that, they offer the best customer care. Why use anything else?"

- Tim McCreadie

World of Outlaw and DIRT Modified Competitor

"I was instantly impressed with the quality of their workmanship. The durability of the rear is awesome. It's a good feeling knowing you have a reliable piece."

- Scott Jeffery

Team Manager for Gypsum Racing and drivers Billy Decker, Tim Fuller, Pat Ward & Larry Wight

XR-2 AND XR-1

"Absolutely trouble free. One less thing I need to worry about."

- **George Fisher**

Owner/Mechanic for Dale Blaney

"I switched to Bulldog in the middle of '06 and have had no problems. I would run nothing else in Tony's car."

- **Jimmy Carr**

Team Manager for Tony Stewart

"I can put the rear in the car and forget about it. It is a total maintenance-free piece."

- **Joe Gaerte**

Owner Gaerte Engines and #3g driven to victory by Shane Stewart at the last two Canadian Sprint Car Nationals

"The most reliable rear I've ever had in a car."

- **Lance Dewease**

PA Posse Competitor

"You can use them and you can abuse them. They keep coming back for more and they've got the customer service to boot."

- **Lee Stauffer**

Owner Lethal Lee's Garage and mechanic for Greg Hodnett

"Since switching to Bulldog in 2009 we have had zero failures. I am very happy with the product."

- **Tommy Carl**

Manager Zemco Speed Equipment and mechanic of the Zemco #1
